## Is a Standby Generator Right for You?

Power outages happen anytime, anywhere, and they can pose a serious inconvenience and even health risk to you and your family. Standby home generators can provide a reliable source of electricity for your home in the event of a power outage, even when you aren't there.

If you answer YES to any of the questions below, then a standby generator might be a good investment for you and your family's safety and security.

**Are you elderly or otherwise susceptible to extreme temperatures?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you require heating and/or refrigeration for infant needs such as bottles, formula preparation, etc?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you rely on a home medical device powered by electricity?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you live in an area prone to serious power outages (for example, you have had two or more outages lasting at least twelve hours in the past year)?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you require refrigeration for medicines or other health-related needs?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you rely on an electrically-operated well or water purifier for fresh water?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you have an electronic security system?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

**Do you operate a business out of your home that requires electricity for office equipment such as computers, phones, copiers, and fax machines?**

**Do you rely on a sump pump to keep your basement belongings dry?**

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

YES	NO
